

## WHITE PLAGUE'S ENEMIES MEET

Tuberculosis Secretaries Hold Annual National Conference at New Willard.

### SOCIETY ELECTS OFFICERS

Many Topics Relating to Eradication of Phthisis and Its Treatment Discussed.

A large electric red cross flashed its message of service in the fight against the great white plague across the darkened dining room last night, and for a moment the National Conference of Tuberculosis Secretaries fell silent.

They were celebrating their fourth annual meeting in conjunction with the Twelfth Annual meeting of the National Association for the study and prevention of tuberculosis, which held its last session at New Willard yesterday afternoon.

The feature of the evening was a large "Kerry Keg" containing the names of the various members, each with a proposed subject for discussion, which was rolled in, and from from which President Seymour H. ## NOLAN BILL INDORSED BY LABOR COMMITTEE

Reported Unanimously With Amendment Limiting Wages for Less Than Eight Hours' Work.

Containing an amendment including in its provisions all employees of the District government, but limiting to 37½ cents an hour employees working less than eight hours of the twenty-four, the Nolan bill, establishing a minimum wage of \$3 a day received a unanimous report from the House Labor Committee at yesterday's meeting.

The bill was reported after extended hearings which established a number of sensational facts with respect to the living conditions of a number of government employees. The report will be made later by Representative John Nolan, of California, author of the bill, and who is responsible for the developments of the hearings.

The committee also amended the bill to set a minimum service of two years on all beneficiaries, and to exempt from its provisions fourth-class postmasters who receive income from civil employments in addition to the Federal service.

### WILSONS ON RIVER TRIP.

President and Bride Take Week-End Excursion Down Potomac.

The President and Mrs. Wilson left yesterday afternoon on the yacht Mayflower for a brief vacation trip down the Potomac River and Chesapeake Bay. They will probably return in time for the President's engagements Monday morning. This is the first time in several weeks the President has found the Mexican and German situations sufficiently relaxed to permit of his leaving Washington. The President finds short trips on the Mayflower very enjoyable and beneficial.
